

COVID Transport Process 2020

➤ Bringing 2 or More Cars on Friday and Saturday

If you have more than one car in your group doing a trip on Friday or Saturday and your trip is ending in Boscobel you will follow this process. **NOTE:** on Friday and Saturday, your boats will already be staged at the landing and waiting for you (minus vests, paddles and additional rental gear).

1. Go to your put-in landing, found in your reservation confirmation
2. Empty people and gear from your vehicle
3. Drivers ONLY will head to the [Boscobel Boat Landing](#)
4. During your drive have one person call WI River Outings (608.375.5300) with your status – so we can have your gear ready
5. Go directly to the landing and park cars – double/trip/quad up on the grass to save room **NOTE:** Avoid trailer only parking on northeast end of parking lot – no trailer, you'll be ticketed
6. Consolidate drivers into as few cars as possible – be thinking about post trip vehicle pickup
7. Swing by [715 Wisconsin Ave](#) to pick up vests, paddles and additional rental gear – we'll have it waiting for you
8. Head back upriver to your put-in landing and start your trip

Helpful TIPS:

Please do not block the boat ramps – others will need to use them

Please do not load your boats on dry ground...and DRAG them to the water. Load your boats in water – it's better on your back and the boats!

➤ Bringing 1 Car and ALL Sunday – Thursday Rentals

If you are bringing one car or any number of cars Sunday – Thursday and ending in Boscobel you will follow this process.

NOTE: unlike above, your boats will NOT be staged ahead of your trip – WRO will drive the drivers and boats upriver.

BRING MASKS! Or they're available for sale.

1. Go to your put-in landing
2. Empty people and gear from your vehicle
3. Come directly to our shop at [715 Wisconsin Ave](#)
4. We'll get you checked in and gear loaded
5. We'll swing by the landing to park your cars and then run you upriver to your put-in – masks required and we'll do our best to adhere to social distancing in the vehicle but that may not always be possible.

➤ Downriver Trips

1. Come directly to our shop to check in
2. We'll set up your downriver pickup time before departure, 10 AM (except Saturdays) or 2 PM
3. We'll get your boats down to the Boscobel landing and away you go!

PLEASE understand that getting an entire group and gear picked up downriver may lead to a lack of social distancing. We ask that you be prepared for that and also have masks to wear for the, up to, 45 minute drive back to Boscobel.
